HONORED DEAD. Funeral of the Late Frederick

Douglass in Washington. GREAT CROWDS OF PEOPLE ATTEND

And View the Body as it Lies in State at the Metropolitan Church-Floral Offerings-Impressive Services Before the Body is Forwarded to New York-The Tribute of a Pastor. Prominent White Women Who Pay Their Respects.

Washington, Feb. 25 .- The remains of Frederick Douglass were conveyed early this morning to the Metropolitan A. M. E. church, there to lie in state until the funeral services this afternoon. Before the removal from Cedar Hill, Anacosta, Mr. Douglass' late residence, brief services for the immediate relatives were conducted by the Rev. Hugh T. Stevenson, of the Anacosta Baptist church. The services consisted simply of a prayer and the reading of the scriptures. The body was then conveyed to the church by the undertaker.

The Metropolitan church had already

The Metropolitan church had already been prepared for the reception of the honored body of the dead man and was beautifully decorated with flowers, ferns and palms. Among the floral pieces sent to the church was a beautifully decorated with flowers, ferns and palms. Among the floral pieces sent to the church was a beautiful design prepared at the instance of the Haytian government.

As soon as the casket was in place before the altar the doors were thrown open and the people, already waiting in crowds outside, were admitted to the church to pay their last respects. A great crowd passed in and out. While colored persons predominated, among the waiting multitude there were hundreds of white people. The street in front of the church as far as the cross street on either side, was fairly blocked with carriages before the hour of 10 o'clock had arrived.

At 1:30 o'clock the funeral procession entered the main body of the church, headed by the family of the deceased, followed by the honorary pallb carers, Messrs. Bruce, W. H. Wormley, John R. Lynch, John F. Cook, P. B. Hinchback, John R. Francis, F. G. Barbadoes, Cant D. L. Pitcher, Prof. B. E. Messer, Congressman George H. Murray, Dr. C. B. Purvis, John H. Brooks, J. III.

Capt. D. L. Pitcher, Prof. B. E. Mossor, Congressman George H. Murray, Dr. C. B. Purvis, John H. Brooks, J. H. Merriweather and Leonard C. Bailes and immediate friends.

The singing of "Nearer my God to Thee" by the choir of the church was followed by prayer by the Rev. Alex. Crumwell, D. D., of St. Luke's Episcopal church. "In thy Cleft, O, Rock of Ages" was then rendered by the choir, followed by the reading of the 90th Psalm by Bishop A. W. Wayman, D. D. The funeral sermon was then delivered by Rev. Dr. J. T. Jenifer, of the Metropolitan church. Speaking as the long time paster of Mr. Douglass, Mr. Jenifer said:

"Mr. Douglass was a Christiau. He

"Mr. Douglass was a Christian. He broke with the American church and with the American Christian dogma when he saw that it sanctioned and sus-tained the enslavement and bondage of a brother. He held Christ to be above creed and above the church. In this terrific soul conflict he blundered into bewilderment, but his deliverance came, and he has often speken to me of the and he has often spoken to me of the joy of his soul in God."

Tribute to the memory of the dead

were then paid by Rev. H. T. Steven-son, of the Anacosta Baptist church and Dr. J. E. Rankin, president of Howard University.

Mr. John Hutchinson, of Boston, an

Mr. John Hutchinson, of Boston, an old friend of Mr. Douglas, sang a hymn by the special request of Mrs. Douglas, and was followed by Clement Hentiens, minister to this country from Hayti. Remarks followed by Mrs. Eustin B. Anthony, who also read a letter from Elizabeth Cady Stanton.

Mrs. May Wright Sewall, president of the Woman's Council, now in session in this city also spoke. The closing prayer was offered by the Rev. Anna Shaw.

President Stickney Inaugurates a Crusade Along the Line of His Road.

NEW HAMPTON, IOWA, Feb. 25 .- President Stickney, of the Chicago & Great Western railroad, has insugurated a series of meetings along the line of his road for the purpose of advocating a more scientific and thorough method of farming. He will hold one or two meet-ings in all of the important towns along the line, which will be addressed by himself and others who have had pracas potatoes. A meeting was held here to-day and adressed by Mr. S. H. Hall, of Minneapolis. He claims that nearly 100,000,000 bushols of potatoes are imported every year, and that by a rotation of crops and the cultivation of potatoes are supported every year, and that by a rotation of crops and the cultivation of potatoes to a greater action the deficiency. tion of crops and the cultivation of po-tatoes to a greater extent this deficiency can be made up along the line of the Great Western road. Mr. Stickney says he calls it his gospel of better farming of smaller farms, and that it will be preached from one end of the road to the other. They are traveling in their special car and making stops in all the towns, addressing the farmers upon the subject.

A SILVER CRANK

P. H. B. Franklin was advortuary. P. H. B. Franklin was advertised to deliver a lecture on "Twenty Years in Utah." It was generally supposed that he would confine himself to a discussion of Mormonism. But after relating some of his personal experience in the territory, he branched off into politics and delivered an impassioned address on the subject of silver coinage. Ile also referred incidentally to the tariff question, and particularly denounced the present Democratic Congress for lowering the tariff on lead ore. nounced the present Democratic Con-gross for lowering the tariff on lead ore, ife claimed that this had resulted in bringing American labor in the Utah lead mines into competition with the chesp labor of Mexico. Mr. Franklin's address created a sensation, especially as it was announced that he had con-tibuted \$5,000 toward relains the delitributed \$5,000 toward raising the debt on the church.

A GAS LEAK

Causes a Terrific Explosion in a California

James Bouquet, the proprietor, went to the salcou and entering an ante-room, which was heavily curtained, struck a match. Instantly there was a terrific explosion. Bouquet was hurled out through the doorway and on all sides of

him there were showers of glass. He was not, however, seriously injured. The barroom fixtures were badly shat-tered and the liquors were blown out upon the street. A leak from the gas dur-ing the night. The sound of the ex-plosion was tremendous, causing a panic among the hotel guests.

GREAT DISAPPOINTMENT

Among New York Bidders For the Bonds. Favoritism Shown in the Allotments. New York, Feb. 25 .- The great majority of the New York bidders for the new four per cent government bonds are very much disappointed at the result of the allotments made by the Belmont-Morgan syndicate. Few, if any, of the applicants, it is said, received more than 50 per cent of their bids, and not more than 10 per cent, and a large number received notes to this effect: "We regret to say that owing to the amount of applications for United States four per cent bonds under our circular, we have been unable to allot any bonds under your application." This was signed by Beimont & Company and Morgan & Company. It is alleged that no honds were alloted to Wall street brokers, who might want them for speculative purposes. The syndicate have decided to withhold all information as to the allotments, and therefore the facts of the case can only be obtained by piecemeal from the mont-Morgan syndicate. Fow, if any,

information as to the allotments, and therefore the facts of the case can only be obtained by piecemeal from the would-be subscribers.

It is generally accepted that those who offered gold in payment for bonds received most consideration. One bank which subscribed for a round amount but made no promise to pay in gold received no bonds, while a neighboring bank which bid for the same amount, agreeing to pay gold, was allotted 30 per cent of its subscription. There is a prevailing impression that a large percentage of the bonds were allotted abroad and that home bidders were sacrificed to foreigners, for the reason that it is to the interest of the syndicate that gold shall be brought from outside the United States. The syndicate to-day deposited \$1,300,000 in gold in the sub-treasury in anticipation of the receipt of gold now in transit from Europe. The bonds opened here to-day at 115 bid, 1194 asked and are now 1181. rope. The bonds opened here to-day at 115 bid, 119; asked and are now 118; bid, offered at 119.

He says he realizes that the opportunity of his life is alizes that the opportunity of his life is at hand and he will endeavor to become a truly great man. He will not ieel called upon to preach if the congregation diminishes, and he says he wont speak unless every seat is occupied. He ascribes to jealousy the invitation of Rev. J. K. Combs, of Connersville, Ind., to come to Oakland to correct and discipline him. Davies said:

"I know Rev. Combs; he is a successful evangelist but an illiterate manone of the old school of theologians. I should welcome him here, however.
